EXAMINER

ART UNIT      PAPER

20060608

DATE MAILED:

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

The reply filed on 4/26/06 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): the newly submitted sequence listing still does not correlate to the sequence listing as originally filed on 7/31/01. SEQ ID NO:6 in the newly submitted sequence listing is an amino acid sequence, whereas the SEQ ID NO:6 in the original 7/31/01 sequence listing is a nucleotide sequence; and SEQ ID NO:10 in the newly submitted sequence listing is a nucleotide sequence, whereas the SEQ ID NO:10 in the 7/31/01 sequence listing is an amino acid sequence. It seems that SEQ ID NO:6 and 10 in the newly submitted sequence listing are the equivalent of SEQ ID NO:10 and 6, respectively, in the 7/31/01 sequence listing. Appropriate correction is required. Further, Applicants should amend the specification accordingly, if applicable, to reflect the correct SEQ ID NO as listed in the sequence listing.

Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

Any inquiry concerning this communication should be directed to Examiner Dong Jiang, Art Unit 1646, whose telephone number is (571) 272-0872.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Gary Nickol, can be reached on 571-272-0835. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
